From your President:

We're on the home stretch! As we're nearing the end of the school, take some time to reflect and focus on the positives from this school year. This has been a tough year for me but I'm grateful to my support team around me who have helped keep me afloat. As my first year as your president is coming to end, I want to say thank you to all the reps, exec members and all our members for all you do on a regular basis. My first year as president was successful because of all the support I have around me to help make our union strong.

I would also like to give a shout out to everyone who provided feedback on our current budget situation. I was blown away by the creativity in your responses and how people were thinking outside the box to find solutions to our current budget shortfall. I will continue to work with James, Greg and Dr. Coakley to find the right solution for students and staff. Thank you for taking the time to talk to your reps and letting your voice be heard. We are working to share all sides and concerns with the district office and I want you to know that each of your voices are valuable and important.

This is my last newsletter for the 2017-2018 school year so I hope everyone has a wonderful rest of the school year and that you have some fun summer plans in the works! We all deserve a much needed break and although I'm not typically a countdown the days kind of person, I'm looking forward to each passing day and getting closer and closer to summer.

~ Avery Fish, CEA President

Upcoming Events:

May 23:
School Board meeting, CHS
District Office, 7:00 pm

June 20:
School Board meeting

Programs Raise Thousands To Stay Afloat

Have you ever had a former student come back to visit and sell you something to raise money for sports or other activities? Here is part of an article with some more information - click on the link to view the full article.

The amount raised yearly is \$50,000.00. The fundraising events include golf tournaments, auctions, coupon card sales, camps, advertising in game program, advertising on banners on display at games, apparel sales, Night of Champions, Snap Raise, Ford Test Drive, Pre-game BBQ's, game programs, concessions, and hosting jamborees.

Football

The money goes towards uniforms which cost nearly \$20,000 last year. It also goes towards protective equipment such as helmets, shoulder pads, girdles, equipment such as footballs, practice jerseys, and practice pants. Also included is football camp, headphones, sideline video, electronics to show players film, sleds, chutes, an inflatable tunnel/fog machine, playoff travel expenses, and player meals.

Golf Team

The golf program is not supported by the school. It obtains all funds from donations and fundraising, which consists of collecting bottles and cans which adds up to about \$300 yearly. The golf team receives about \$2000 a year donated to the program, and the budget to run the program is approximately \$2500. This amount pays for uniforms (\$200-\$300), golf course usage (\$700-\$900), and pays for substitute teachers (\$1000) when teachers must be gone from school. "People (mainly) donate to the program," remarked golf advisor Tom Young. In addition, Young stated that the golf team as a whole would like to get uniforms and go to tournaments, but with little fundraising, the total budget and ability to spend decreases.

Girls Tennis

\$5000 is the yearly goal to fundraise. Meat Sticks, Popcorn, Water Bottles, and asking for donations from students and teachers are sold to fundraise for Girls Tennis. This amount pays for uniforms, tennis court equipment, and balls. "I wish our district had enough money to keep facilities functional. They should be for student costs, not facility costs," stated Girls Tennis Coach Ben Petersen.

Drama/Thespians

The average yearly fundraising amount is \$2000-\$4000. The main fundraising events that the drama department does is the fall patron drive, production ticket sales and ads in production programs. The drama department uses the funds to pay for production costs, help students attend regional and state competitions, purchase new tools, and buy supplies for the classroom. Drama Advisor Kellie McCarty stated that sometimes less time and money is spent on productions due to the nature of how the fundraising works.
